PROFILE

CPA with 9+ years of experience in accounting, financial reporting, tax compliance, payroll, treasury, and audit support across multiple industries. Combines hands-on finance operations expertise with ERP implementation and process improvement experience to strengthen controls, reporting accuracy, and operational efficiency.

PROFESSIONAL EXPERIENCE

Consultant, Project Management Office (PMO), Invoice-to-Cash (I2C) Accounting Process

RGP (Hong Kong) – Philippine Branch · Jul 2026 – Present

Finance Specialist, ERP Project Manager

Titus Global-Tech Inc · Oct 2023 – Aug 2026

- Support finance operations through the design and improvement of accounting, procurement, inventory, and reporting processes.
- Partner with business stakeholders to strengthen financial controls, improve transaction governance, and enhance reporting accuracy.
- Lead process improvement initiatives focused on compliance, audit readiness, documentation standards, and operational efficiency.
- Drive ERP implementation projects supporting Finance, Accounting, Procurement, Inventory, Manufacturing, and Project Management functions.
- Facilitate requirements gathering, testing, user training, and post-go-live support to ensure successful adoption of finance-related systems and processes.

Finance Transformation – Senior Associate

PwC Consulting Services Philippines Co. Ltd · 2020 – Sept 2023

- Delivered finance transformation and internal control engagements covering General Ledger, AP/AR, Procurement, and Compliance functions.
- Designed future-state processes, governance frameworks, and KPI structures to improve financial control and operational performance.
- Supported large-scale ERP implementations through requirements analysis, testing, training, and stakeholder management.
- Identified process inefficiencies and control gaps, resulting in actionable recommendations for automation and risk mitigation.

Internal Control

HP Martin Holdings Inc. · 2020

- Managed accounting operations, revenue monitoring, budgeting support, and financial reporting activities.
- Strengthened internal controls through process reviews, compliance assessments, and reporting enhancements.

Accounting Supervisor

WS and Landin Inc · 2019 – 2020

- Led daily accounting operations covering General Ledger, AP/AR, Treasury, Payroll, and Financial Reporting functions.
- Managed month-end and year-end close activities, including journal entries, account reconciliations, and preparation of supporting schedules.
- Ensured timely compliance with VAT, EWT, income tax, and statutory filing requirements while maintaining regulatory compliance records.

- Coordinated BIR audit engagements and LOA responses, preparing reconciliations, tax returns, and supporting documentation for examination.
- Oversaw cash management, banking transactions, supplier payments, collections monitoring, and AP/AR reconciliation activities.
- Supervised accounting personnel, delegated workloads, reviewed deliverables, and supported team development initiatives.
- Supported Microsoft Dynamics migration initiatives to improve financial visibility and operational efficiency.

Accountant

Gicléé Manila · 2016 – 2019

- Managed General Ledger activities, journal entries, account reconciliations, and month-end closing requirements to support accurate financial reporting.
- Processed Accounts Payable, Accounts Receivable, payroll, and government remittances while ensuring timely and accurate transaction recording.
- Prepared VAT, EWT, and other tax-related schedules and supported BIR compliance and audit requirements.
- Coordinated banking transactions, supplier payments, and cash monitoring activities to support daily operations.
- Maintained compliance with BIR, SEC, DOLE, SSS, PhilHealth, Pag-IBIG, and local government regulatory requirements.
